Park Translations International Teams with Autism Speaks

New York, NY – Park Translations International has partnered with Autism Speaks, the nation’s largest autism science and advocacy organization, to provide translations of material directly linked to Global Autism Awareness. Park TI employed translators that were equipped with the medical and technical knowledge necessary to translate sensitive materials. Park TI is proud to support Global Autism Awareness.

Park Translations International is a strategic language consultancy positioned to support communication throughout the world. Our business engagements span a wide variety of practice areas and technical specialties. We are headquartered in New York City, while maintaining operating offices and locations worldwide.
